## Industrial Policies, Sustainability and Development

### New approaches and trajectories for Palestine and the MENA Region

The “**Policy Colloquia**” are events gathering **academics, practitioners and policymakers** and engage them into debates and the exchange of ideas and good practices. Main topics addressed revolves around the themes characterizing CiMET community: **industry and productive systems, economic and social development, the internationalization of businesses and territories**. These meetings wish to encourage the exchange of ideas, insights, and perspectives, with the aim of promoting a dialogue between scholars, policymakers and other experts working into different realms but sharing the same interest and search **for effective, efficient and innovative policy approaches and solutions**.

The “Policy Colloquia” involves academic, representatives from local institutions and business and trade unions, while encouraging also the participation of younger generations of researchers, managers and civil servants.

**Participants:** **Tareq Altamimi** (Hebron Chamber of Commerce and Industry), **Mario Biggeri** (University of Florence and CiMET), **Luigi Bisceglia** (Bethlehem University), **Salvatore Capasso** (Parthenope University of Naples and CiMET), **Giancarlo Corò** (Ca' Foscari University of Venice and CiMET), **Marco R. Di Tommaso** (University of Bologna and CiMET), **Ahmed El Farra** (UNIDO Palestine), **Guglielmo Giordano** (AICS - Italian Agency for Development Cooperation – Jerusalem Office), **Giulio Guarini** (University of Tuscia and CiMET), **Samir Hazboun** (Bethlehem Chamber of Commerce and Industry), **Fadi Kattan** (Bethlehem University), **Beatrice Linguiti** (AICS Economic Development Unit and UN).
